Substation)	

**NOTICE OF PARTICIPATION OF
THE COALITION TO PROTECT PRINCE WILLIAM COUNTY**

Pursuant to Rule 80 B of the Rules of Practice and Procedure of the State Corporation Commission (the “Commission”), 5 VAC 5-20-80 B, and Ordering Paragraph (11) of the Order for Notice and Hearing issued by the Commission on December 11, 2015, the Coalition to Protect Prince William County (the “Coalition”),¹ by counsel, submits this Notice of Participation in Commission Case Number PUE-2015-00107 and states as follows:

1. The Coalition is a 501(c)(4) organization made up of individuals, businesses, and non-profit organizations united to preserve and enhance the quality of life, natural resources, and historical heritage of Prince William County. Many of the Coalition’s supporters are also Dominion customers and have concerns about the proposed route and cost of the proposed transmission development.

¹ The comments expressed in this filing represent the position of the Coalition as an organization but may not represent the views of any particular Coalition partner. For information about the individuals, businesses, and organizations supporting the Coalition, please visit the Coalition’s website at <http://www.protectpwc.org>.

2. The attorneys for the Coalition are Brian R. Greene, Eric J. Wallace, and William T. Reisinger, GreeneHurlocker, PLC, 1807 Libbie Avenue, Suite 102, Richmond, VA 23226.

3. On November 6, 2015, Dominion filed with the Commission its application (“Application”) for a certificate of public convenience and necessity for the proposed Haymarket 230 kV double circuit transmission line and 230-34.5 kV Haymarket Substation. The Application was filed pursuant to § 56-46.1 of the Code of Virginia and the Utility Facilities Act, 56-265.1 *et seq.* Dominion, in its Application, claims that the new transmission facilities are necessary to provide service to a new data center campus in Prince William County and to maintain reliable electric service to its customers in the area.

4. The Coalition has an interest in participating in this proceeding (1) to assess and comment on the reasonableness of the proposed locations for the proposed transmission facilities within Prince William County, including the potential impacts to natural and historical resources within the County, and (2) to assess and comment on the reasonableness of Dominion’s proposal to recover the costs of the new transmission infrastructure from its customers, including the Coalition’s supports. The Coalition intends to address these issues and any additional aspects of the Company’s Application by conducting discovery and participating in the evidentiary hearing.

5. The Coalition believes that it can provide relevant and necessary information concerning issues germane to this proceeding. The Coalition further submits that no other respondent can adequately represent the interests of the Coalition and its supporters. The Coalition’s participation in this proceeding will not broaden the scope of issues or delay the conduct of this proceeding. To the contrary, the Coalition’s participation will add value to this proceeding and enhance the evidentiary record upon which the Commission will base its decision in this matter.

6. The Coalition requests that correspondence and service of all documents filed in this proceeding be directed to the Coalition's undersigned counsel.

WHEREFORE, the Coalition gives notice that it will participate as a respondent in Commission Case Number PUE-2015-00107.

Respectfully submitted,

THE COALITION TO PROTECT PRINCE WILLIAM
COUNTY

By Counsel
